# PLATFORM SCIENCE
UNASSIGNED DRIVE TIME MANAGER

Save Hours Spent on Unassigned Drive Time with PS UDT Manager

Tired of spending hundreds—or even thousands—of hours managing unassigned drive time? Platform Science's UDT Manager streamlines and simplifies the process, helping your fleet save time and boost productivity by eliminating tedious and time-consuming tasks.

FIND WHAT YOU NEED, FILTER OUT WHAT YOU DON'T

UDT Manager's powerful filtering system makes it easy to pinpoint events in just a few clicks, with sorting by location, distance, and more to narrow down all the information you need for annotations.

SAVE TIME BY ANNOTATING IN BULK

When you need to edit events related to yard or shop moves, UDT Manager's bulk annotation feature has you covered. Simply filter the events you're looking for and batch them together to update multiple events at once.

SIMPLIFY YOUR WORK WITH EASY ANNOTATIONS

Tired of toggling between tabs to access event info? UDT Manager makes annotations a breeze by gathering each event's details in one place.

KEEP THE RECEIPTS WITH AUDIT TRAILS

Peace of mind is only a tap away with UDT Manager's audit trails, which back up all your records with the information you need to stay compliant every mile of the way.

## TAKE THE GUESSWORK OUT OF UNASSIGNED DRIVE TIME

Quickly and confidently send UDT events to your drivers through the 'Driver Suggestions' feature, which recommends the three drivers most likely associated with each event.

PS UDT MANAGER
Feature Spotlight

DRIVER SUGGESTIONS

UDT Manager's built-in algorithm helps you save time and simplify your workflow by analyzing each UDT event to identify the three drivers most likely responsible for the unassigned time.

FILTERS

With filters ranging from Asset ID, Event Date/Time, and Duration to Distance, VIN, and Location, you'll spend less time refining your searches and more time focusing on what matters.

EXPORT UDT RECORDS

UDT Manager enables you to export up to 5,000 records every six months, giving you the confidence you deserve knowing you'll be ready for any FMCSA audits that come your way.
